“ I played a lot of basketball with Bink when younger along with other sports and local neighborhood games. Was always fun, never serious. Today's youth could use some of the outdoors and games we played. Bink always treated me great even though I am a few years younger. When I got my drivers permit he let drive his 63 Chevy 409 around town a few times. That was a thrill I'll never forget.

*My wife and I decided to move to Myrtle Beach a few years ago. We went out to lunch and played mini golf a few times while asking Bink a bunch of questions. He patiently answered them with good advice and information.*

*So glad we got together after all those years.*

*RIP BINK*

“ I will remember Bink as a carefree teenager working at Stewart's Rootbeer in Burlington, driving a light blue convertible as he listened to "I get around" by the Beach Boys! Easy-going and kind. I will miss him in this world.
