“ I knew Dwight way back when he helped Frank Trivitte with the Explorer Scouts back in the late 60's and early 70's. We met on Monday nights at the old hut at Rock Creek Park. He brought his some with him to some of the meetings. I also dealt with him when I worked for Chuck Morehead at Rock Creek Park because our maintenance building was heated with gas from Efird Gas Company. Dwight was a nice guy and I do remember him as well as the rest of his siblings and his parents.

I grew up with Dwight, went to school together, in the same class and graduated together. We spent many hours playing in the woods in Oakwood Park where he lived, and down on Long Creek as kids. I have fond memories of those days.
