“ *I remember EP being so funny, kind, and loving. Wendy was my best friend and going to her house with Clarice and EP was the best experience ever. They were all so loving and kind and it was truly like being in a fairy tale because EP loved his wife with all of his heart and soul and their home was always filled with joy, laughter, and kindness. EP was funny and always made everyone laugh. He was generous and even as teenagers when we would laugh at situations or people, he always made us aware that at any minute life could change and to never take anyone for granted. He was the most loving husband I have ever seen. Clarice was also the most loving wife- she would drive to pick me up anytime we needed her, and I knew when I went to see them it would be funny and safe and life was ideal at their house despite anything going on outside of their home. They were truly the most loving and sincere family ever and helped me to escape life of reality. I always loved being with Wendy at her house because EP and Clarice were the best and kindest people I had ever met. Before dinner when Clarice cooked "greasy Rice," EP would always say how blessed he was and beautiful his wife was and Wendy and I would just nod and say how he was right and we could only dream of finding a man half as wonderful as he was. Julie... Wendy's BF since 7th grade*

“ *I have known E.P. since I was in fourth grade and because of him I met my best friend, Wendy. He has always been the best Father and Husband and always made me feel so loved when I was in his home, which was quite often.He was such a hard working, humble man that we will all miss so very much. He loved his family so much and his daily actions proved that to be true. I love you E.P. and I know you are making everyone in Heaven smile and feel special.*
