“ My condolences to all of June’s family and friends. She talked about her family often, especially all the little ones! She was one of a kind! Our conversations were lively and she was so generous with us! I will remember her sitting with us in my cousin Christine and Ray’s backyard and watching the birds! She was one of a kind and will be truly missed in the Hunter’s Creek community! God bless you all and may you find comfort in your memories!

Wondering if this is the June Flack who I met as a nurse at doylestown hospital many decades ago. If so, she was a caring nurse, and a good friend of mine.
