“ I was extremely upset to hear about my Nana passing away. It took me back to all the memories I shared with her and Granddaddy. The wonderful hot dog lunches every Sunday after church and even those afternoon naps under the fan in her living room. But what upset me the most was the fact that as her granddaughter, I was not even told about the services held for her. I know that this is not the place to write about this, but my phone number and my mother's number has not changed since Dad's death, yet our phone calls were never returned in the past years, not even to tell us where she was staying at now. I just wish we were still considered family, even though my father has past away. Unfortunately Nana never got to meet her great-granddaughter and I never got to say good-bye, but I know that she is with my dad and grandad in heaven, and they will continue to watch over me and my family everyday. I LOVE YOU NANA!!!! Danielle Bellamy##imported-begin##Danielle Bellamy##imported-end##

“ Dear Dean Dan, David, Elizabeth, Whitney, Olivia, Steve, Arleigh, and all of Aunt Lib's family, I had to smile just moments after I heard of her passing because I have nothing but sweet memories of Aunt Lib. Then I had to tell Emma stories about growing up across the street from her. The time that stands out most in my mind was when Pain and I were in high school together. She was always there to listen to our tales of Coastal Academy life and to help ensure that we didn't get "too" involved with the wrong "types." She seemed to have an understanding of what was going on in our social lives, even those things we didn't always share. I'll also never forget the time she took Pain and I to Florida. We got to see a lot of sights, and we also got to meet some of Aunt Lib's friends and family who lived there. What a wonderful lady she was. I was lucky to have her in my life. I am thinking of you all. Love, Rene' and Family##imported-begin##Rene'##imported-end##
