“ The first thing a lot of us think of when it came to my godmother Aunt Betty was her no-nonsense attitude. But I remember many times when she was extremely sweet to me. She visited us in Florida when I was a teen, one day I came home from school & she had spent all day cleaning my room (trust me, it was so bad it took all day). My first reaction was that I was horrified because now I'd never be able to find anything! I looked at Aunt Betty & saw such a kindness in her eyes - she put all that work in because she cared about me. I gave her a hug, said thank you & then she said "Now keep it clean, I'm never doing that B.S. again!"

Years later, when I was dating my now wife, we visited her in Amityville & spent the night. She could not have been more welcoming to Emily all while displaying her trademark Brooklyn toughness. I remember her saying "If you think your sleeping in the same room you got another thing comin'!" And then she spent the rest of the night checking on us & making sure we were comfortable.

Aunt Betty, you left a mark on everybody that knew you. Thank you for teaching us how to be tough & kind in equal measure.

“ *Aunt Betty who taught us Italian- Manga/Eat! I remember all the fun times at BBQs in the yard and roller skating in the basement to Barry Manilow. She always had a sly smile like she was up to something. Like bringing home cloth napkins from the restaurant in her purse and showing off when we got home! She'll be missed. Love you Aunt Betty!*

“ *Betty was my second mother from way back even as a teenager. She was always there for me and for our parents as well. My children loved her dearly and hold wonderful memories growing up. So glad we got to talk before Christmas as she was already ill at her birthday last month. Love you very much! Your “baby” sister Louise*

“ My deepest condolences go out to the family. I worked with Betty all those years in Brunswick hospital. We shared many memories together, like being on Brunswick’s bowling league, getting her daughter and my nephew together, laughing at some of the silly things we did at work. I was glad I got to see her this past summer at her daughters house. Rest in peace Betty 🙏🙏🙏

“ My sincerest condolences to the whole family. I can’t address your mother as Betty. I always called her Mom. I took her to Sunday mass for many years. We bonded like mother and daughter. I remember how much she needed to go to mass but she was always looking at her watch if they went over their time. I’d ask her how she liked the homily or something that was said and she had no clue what I was talking about. We all know she didn’t hear half of it. I’d tell her to use her walker but she’d refuse. I’d laugh and just shake my head. She kept me on my toes. She was one of a kind and I will miss her. She wasn’t just a neighbor I adopted her as my Mom.
