“ I just found out about Eric's passing this morning. My heart goes out to his family.

He had a big heart and shared it with me. Eric treated me like family. He would invite me over and I would play video games with the kids. We were so loud that he would enter the room and yell at us to settle down. ... now that I think about it...i think I might have been there to play with the kids while he did other things. Hahaha...well played my friend. Well played.

He would always call me his brother from another mother. I don't have a single negative memory of him. We fished, we laughed, we ate, we played and worked together.

He always treated me like his brother. You will be missed my friend....you will be missed.

“ Shocked

This FB came up first tonight; the first I have heard....years of talking about South Jersey, Tastee Cakes and family came rushing back. Saturday night House Party and a cold New Year's Day in 1997. So sorry for his family, way too soon for a great person.
