“ *Dr Eston Williams made our world a better place. He was so kind, gentle and respectful to others. I loved when he would show me his projects he would be making for his grandkids. He always light up when speaking about his grandchildren and family. I always admired Dr. Williams dedication to his patients and the whole Loris, Tabor City community. I truly missed talking with Dr Williams when he retired. He was a good man who showed love to his community and family.... We need more men like Dr. Williams. God Bless all of you who are his family and most of all his wife. He loved you very much. Thank you for allowing me to share this here. My heart is sad to hear this news, he is missed.*

“ *Dr. Eaton Williams was the best doctor EVER!! He literally saved my life. After being told at Conway ER on two separate occasions that I had pleurisy and then kidney infection, my Mom took me to Dr. Williams and immediately he diagnosed me with a blood clot in my left lung. Had it not been for him I would not be alive today. God Bless you in your heavenly home. God Bless your family for sharing you with our community. Always In Christ, Susan Branton Waddell!!!*

“ *Dr Eston Williams was a great man, beloved Doctor, and a friend. I remember working at Loris Community Hospital and assisting him at times with the results of some of his patients charts. He saw my family at times in his office, my husband in the hospital once when Danny had gotten into a wreck. Dr Eston always had a smile when he would greet staff and patients on the hospital floors. He will be truly missed by all who knew him.*

“ Dr. Williams took care of many of my family members. He went above and beyond so many times My thoughts go back to one of those memories. My son had a laceration on his head. He feared having his face draped. Dr. Williams got on his knees and stitched his head so his face was not covered. He truly cared for his patients and their families. My thoughts and prayers go out to his family.

“ *Dr. Eston was one of the finest people I have ever had the privilege of knowing well for numerous years. He went above and beyond the call of duty to care for his patients and always had a smile and an encouraging word for them and all his friends. His love for mankind abounded and was exemplified in every facet of his life. I love you, E! You were so very special and made a tremendous impact on the community you loved and served. My love and prayers for peace and comfort to his dear family. I love you all !*

“ My family would like to send our heartfelt condolences to Dr Williams family (wife, daughters, grandchildren). Dr Williams was my family's personal physician until his retirement from the field of medicine a few/several years ago and he was truly dedicated to not only my family and myself but as a nurse that had the pleasure of working with him at Loris Community Hospital to his patients as well. After his retirement our paths would cross on several different occasions and he would always remark how he was always staying busy doing different things around his house and with his family and he would never fail to always ask how my family was doing.....and that is why as a nurse of 31 years this speaks volumes of why he was truly a dedicated and compassionate servant to his profession and he never forgot why he became an MD (medical doctor). Words can never express the loss that we felt when my family and I heard of Dr Williams death but we know that he may be gone from our sight here but his legacy will always remain in the memories he shared with not only his family but also with each and every one of his many patients that he took care of during the many years he was practicing medicine and also with the many nurses and physicians as well as assistants, etc he worked so closely with in the physician offices, Loris Community Hospital and Loris Extended Care facility. May God bless and comfort the family during this difficult time.

“ Dr Williams will be greatly missed! I was a RN at LCH ,now McLeod Loris, for 19 years and had the opportunity to work with him every day. He was very caring and his patients were foremost on his mind. He made sure they were properly cared for. He delivered my first child in an emergency situation when my dr. was unavailable. I will forever be grateful to him. My condolences to all of his family. Loris lost a very dedicated servant to the community!_
