“ Fran was a dear friend and family member of the Northern Lamonts. Her kindness and wisdom was a lasting memory that I am so glad my children and we shared. As we mourn I know there is a celebration in heaven. Well done good and faithful servant.

“ When I first met Fran to assist her, she did-not want my assistance. She had a warm feeling and a soft glow about her under the cool persona of distrust. She trusted and loved GOD and those words of action brought us together. I've learned so much from her, planting flowers in the yard, to working and creating medical workshops in the church. She loved her family, pastor, church, and the clothes closet. I was suppose to help her, but most of the time she was helping me. We became such good friends. She always made me laugh. She was funny and witty. I loved my friend and I will miss her. RIP MY FRIEND because now I'll have to figure out WHAT THE PLAN IS till I see you again resting in GOD'S UNCHANGING HANDS!!
