Happy heavenly birthday Mom! I will always love and miss you. I miss our talks, there was so much I needed to know and so little time to have our conversations. I do know one thing, no one will ever come close enough to cook a meal as good as you did. You are forever missed and I am grateful that you were my mom and mentor.

Your loving daughter,

Mom, if I don't know how things work after one leaves this earth, but if there is a way I need you, daddy and Viola to send guardian angels to watch over me. I don't know if that's possible, but I believe in the power of the Lord.
