“ *Gene and Hendrix Family: There's a wonderful peace in just knowing that God never leaves us alone. And whether we feel He is with us or not, He loves us and calls us His own. Gene was one of my "BEST" employes, as well as one of the "BEST" persons I have known in my lifetime. We wish his family to know we feel it was our great priviledge to have known Gene, and extend our deepest sympathy. If we can do anything at all to help in anyway, at anytime. please do not hesitate to call us..at home or work. “ *I would like to send my deepest sympathy to family and friends during this difficult time. The bible however provides a hope for the future. When Jesus was on earth he said ' Go your way, report to John what you saw and heard: the blind are receiving sight, the lame are walking, the lepers are being cleansed and the deaf are hearing, the dead are being raised up, the poor are being told the good news." Luke 7:22. If you notice the latter portion of that scripture speaks of the dead being raised up. That same hope exists for us today. Acts 24:15 states 'and I have hope toward God, which hope these men themselves also entertain, that there is going to be a resurrection of both the righteous and unrighteous'. It is my hope that these scriptures bring you some comfort and encouragement.##imported-begin##T. Allston##imported-end##*

“ We live in Wachesaw Plantation East, where we became acquainted with Gene. He was a really nice person. We always looked for his red truck. It made our day a little nicer whenever we talked with him. He had a wonderful sense of humour, and we will miss him.##imported-begin##Mr. & Mrs. David Perkins##imported-end##

“ We will miss him greatly, we will miss his sense of humor, he was truly a great father and grandfather who loved his grandson more than words can express. He treated everyone with kindness, a smile, and usually a joke. He truly loved his leona, who he was dedicated to and cared for during her fight with cancer. He was a good man.##imported-begin##gene and adam hendrix##imported-end##
