“ *Very sorry to hear of Jerry passing. What a full life he had. I met Jerry in 1986 when assigned to FS02. I immediately took a liking to him and always appreciated his thorough review of EMS reports. It's safe to say he didn't miss a thing! Condolences and prayers to his family.*

“ I enjoyed my visits with Jerry especially when I was in charge of the mid week 8 day clock winding. And sometimes I was invited to the Saturday winding of the 8 day clock when Danny was unavailable. More seriously I enjoyed our Washington beltway background. May he rest in peace and join his wife, son and grandson.
