“Helen was my mother-in-law for 40 years. She raised a wonderful woman to be a very caring daughter, mother to our sons and my wife. I will miss hearing her tell me that I'm a good looking man. I never thought much of that when she was with us but she will be missed.

“My dearest Helen, I knew this time would come but never did I want to believe it. Your love for me was truly unconditional ever since the day my mother brought me to your house for you to keep me as an infant. You have always treated me as if I was one of your own flesh and blood child. Even as I grew older and no longer needed supervision we always grew a bond that never could be broken. I always enjoyed my quality times with you and Joanne. One thing I remember the most is us baking home made cakes and always making cheese toast in the oven. Your legacy of love, caring, devotion to me will always be near and dear to my heart. When I got the call i was at work walking in walmart. I had to prevent the tears from flowing because i know you wouldn't want that from me. You told me for a long time that you were old and ready to go and i would tell you every time your just fine and you had more years to go. I'm hurt that I cant say my farewells in person, but just know that I love you from the bottom of my heart and soul. You will be truly missed.

“Helen was a caring woman and had a great sense of humor! She loved Bill with every fiber of her being. We played cards monthly and all would help her. She will be sorely missed. RIP Helen...lots of love, Roseann and Frank Livulpi

“Thinking about my Aunt Helen today
She was always so wonderful to me and I loved her very much. I was her favorite and she was mine. We would go get pedicures together when I visited then take Uncle Bill's charge card and go shopping at Hammrick's department store. Fun girl times with my BFF.

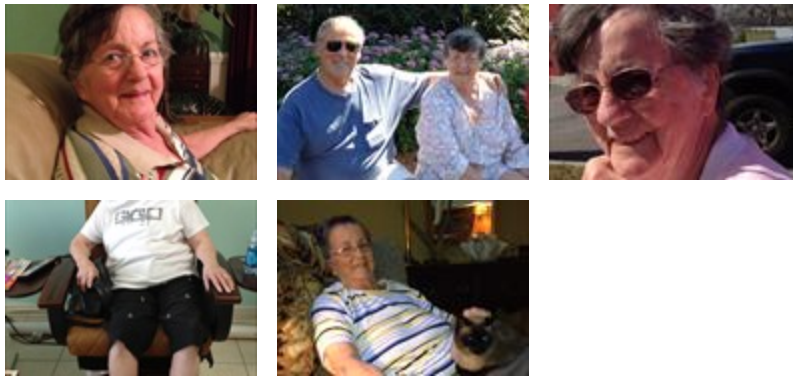

Love you forever ❤️❤️❤️ — with Helen F. Lippincott.

“ *Helen was truly the best Mother-In-Law a person could have! Believe it or not everyone doesn't like their in laws! Often I've sat around and listened to rant and raves by others and I just smile and then tell them how much I loved mine and that I believe she loved me also! She was always fun to be with, friendly to everyone, ready to jump up and go wherever, she was very generous and appreciative! And, She raised a wonderful man just for me! I'll miss Helen very much but I know that once again she's healthy and probably dancing all around!* ”

Beautiful, Jackie. I have many fond memories of Aunt Helen. She was so nice and incredibly expressive. I loved her looks when she was curious at something in a story you were telling, how she said awe (a lot), and always had a glass of tea or lemonade for you. She was a great aunt!
