“ I worked with Herb at Corning, Inc., or so it got renamed. I think Herb would agree that it is still Corning Glass to most of us old timers. I will never forget the countless jokes that were told throughout our careers at Corning. In those days it was fun to exchange jokes and stories. It made everyone's day a little brighter for sure. When you ran into Herb you would immediately smile because you knew you were in for a treat. My condolences to his Family. Thanks for the memories Herb.

“ Dear June,

*I learned a lot about computers from Herb. We enjoyed the sporting life of, golfing and bowling. I miss those times and will miss him. But right now I think he is very busy casing out Heaven and not just the sporting spots. He'll know the area and will be ready to show you the new "home".*

*Our sympathy to you and your family. Be at peace.*
