“ To my grandfather even though it took me a while to write here I wanted to do so when I could put in words the type of men you were to me. ever since I was little I always saw you with so much respect you were always such a respectful men and for that I love you so much I remember how you would always bring me candy from the mountains and how we would always eat at Hardy's I'm gland I got to have you in my life although I wish I could have spende more time with you but I am glad I got to see you before you passed away and I remember you told me you would come visit me here in Texas which I know we would have both loved. In my life I know for a fact you have been the person I have never raised my voice to or thought something wrong about you in my mind you were the perfect version of a country grandfather the person I will forever respect the most and I'll see you again and maybe then you'll teach me again how to ride a horse.From your favorite granddaughter

“ I met Hiram 23 years ago when I moved to Pawleys Island. I had started a landscape company and he and his son put in irrigation systems for me. Over the the years we became good friends. He was one of the best! Always friendly, dependable and loved riding his horses!
I will miss him.

“ I am deeply saddened to learn of Hiram's passing. We became friends many, many years ago when there was a barn where the Baseball Stadium now sits. He gave me a lot of valuable lessons in horsemanship and I even purchased one of the best horses I've ever owned from him. He will be missed by many. To his family, please know he was one of the finest gentlemen I've ever known, always a smile on his face and without fail, he would help anyone. Rest in Peace, Hiram.

“ *HIRAM: my brother ; he had a way of drawing people. When you met him you liked him. For he was GENUINE and mild. I was younger than him, but not that much, so throughout the years, We tried to stay in touch.
Though so many others wanted his time as well.
He had a way of getting to me like no other; but of course he was my brother.
I knew I could talk to him when I needed to. And sometimes he would give me a, REAL TALKING TO : But not in a way so as to offend, for he was my brother, but he was also my friend.
I'm looking ahead now, when we will get a brand new start. When you will awaken, with that same sweet heart;
When we'll WELCOME back your grandson, my son, our mom and our dad. And NEVER to remember anything sad! See you soon, love from your sister; Verlie*
