“ I'm so sorry for your loss. Please accept my deepest sympathy. May you find comfort from your memories, as well as the comfort found in God's word the bible. Romans 5:12 says, "That is why, just as through one man (Adam) sin entered into the world and death through sin, and thus death spread to all men because they had all sinned." How loving of God to promise what is found at Revelation 21:4 which says, "And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.”

“ Holly was more than just the students' nurse she took care of the faculty and staff as well. I remember the morning I walked into her office and told her that I had cotton from an off-brand cotton swab stuck in my ear. She just looked at me with that 'you know better' look. I just said "I know, I know. Would you please get it out?" She did and reminded me not to use Q-tips in my ears. I thanked her and went on to class. You are missed dear, sweet, caring woman of God!

“ Holly and I worked together at McLeod in SICU about 10 years ago. I remember her as being very quiet, sweet, and neat handwriting. She was a wonderful nurse! I enjoyed her company. I only learned of her illness a day after her passing from another coworker of ours. Her family will be in my prayers and will add them to my church's list as well. As someone else said, we don't know why God allows younger people to suffer, but as Christians we must know that all happens for His glory. Thankful we will meet again in a joyous place forever! “Holly and I were first cousins and grew up together in Coward. Every day after school her mom, my aunt, would pick up Me, Holly, and Misty from school and I would stay with them after school. The first night I ever stayed away from home was with them, even though I cried for a while. She would come help me with my birthday parties and loved to make me look like Madonna or some other terrible 80's fad. We even went to the mountains with them as a family- those pictures are still funny!

Holly was sweet, compassionate, and enjoyed keeping a very neat and clean house. She married the best man possible and built a wonderful life for herself. Her daughters are precious and her legacy will live on forever in them. She was a wonderful pianist, singer, and religious person. She was very special in the family, so special, our grandmother, would cook special meals for her without onions! Every Thanksgiving/Christmas, grandma would say "Holly, here is your stuffing without onions." Sure enough, she had her own special pan!

I am very grateful that I helped spearhead a family gathering to celebrate our grandmother's 88th birthday and Holly agreed to have the gathering at her house, she said my house if perfect for it. So we all coordinated outfits, food, and a photographer. We will forever have a multitude of pictures of our family, 2 months before this tragedy occurred. These pictures will bring a life time of reminders for our family.

I was the first person to stop by the hospital when Holly and Blake were called down there, and I visited pretty frequently in between. The most special visit was the 3 hours I got to spend with her on Saturday. Holly, Misty, and I were able to chat about a variety of topics and share thoughts and feelings. Holly was very insistent on giving her testimony and wanted me to know exactly where she stood within her religion. I listened and left with an open heart and open mind. She has been a wonderful testament to others to share her message.

*I hope her transition into Heaven has been a peaceful one and many reunings with other family members. Holly's spirit will forever remain with us and around us. Her heart sings happy songs and her hands tickle the ivories with sweet melodies. She is now in a beautiful kingdom and couldn't be happier. As Holly looks down upon us, and smiles knowing her family is loved and has a multitude of support.*

*We all miss you pretty, sweet lady, you mean the world to so many people and have touched my life. I hope you could hear me tell you how much I loved you in those last few hours, and you get to hear me tell you I love you all the time! Rest well my cousin, your beauty and joy will live on. Your daughters will be well taken care of, they always have their cousin Meike.  
I miss you already! xoxox*

“ I didn't know Holly personally, but I have known her in-laws for many years. I'm sure my daughter knew her since both of my little grandsons go to Dr. Rabon's office. I was deeply saddened to hear of her tragic death. Life is so short and we don't understand why good people have to die so young, but God is in control of it all and she is in a much better place now. Rachel and Johnny and your son have my sincere sympathy. I pray that God gives you all peace in the midst of this sadness. Love, Shirley Richardson
