“ *Mr. Oliver was my dad's staff manager when they worked for Palmetto State Life Insurance Company. Growing up, I always enjoyed being around him. I think he was probably the first person that I went fishing with in a boat. The men that worked together back then seemed more like family than co-workers. There were always good times around a table or an outing. I always felt at ease around Mr. Oliver and their staff. I know that he had a full and enjoyable life and will be missed. May the good Lord give you peace during this time until you see him again.*
