“ We met TiTi many years ago through Barbara and it was love at first sight! She was one of the most dynamic, loving and giving individuals we ever had the pleasure of knowing. Although we are not blood related, we both thought of TiTi as our extended family and the news of her passing has left a hole in our hearts. We are very thankful we had the opportunity to pay our final respects this afternoon to TiTi and the entire family.

Our thoughts and prayers are with the family during this difficult time. TiTi may be gone from this earth, but she lives on in every one of you and all of us who were lucky enough to have had her in our lives. She has left an incredible legacy in this world and we are so blessed for having known her. God has called an angel home! Every spring when the new flowers are blooming, we will think of TiTi and smile!

Until we meet again,

Karla and Ginger

“ *Isabel was not only my neighbor, but she was also my friend. No words can express how sad I will be without you here to share life with me. I remember how much she loved her yard and her flowers. I also remember how much steve liked to run them over with the mower. Let's not forget about the lizzards, or the alligators as she would call them. Driving by your house will never be the same without you out in the yard with a hose in your hand. I love her and I will miss her deeply. I know she is happy and I will see her again someday.*

MS

A beautiful spirit has left this earth, but I know she is lighting up the heavens with her laughter and beautiful smile. You brought out the life in my Uncle Stevie. I will miss your calls , until we meet again.
