“ I will never forget the story Lee told me about explaining why people nick named him Fire Ant. Riding motorcycles in Daytona as a rebellion to helmet law, when riders stopped their motorcycles they would throw the helmets on the ground. Lee put his helmet on when they left then all of a sudden Lee started slapping his helmet, pulled beside the road, threw his helmet off, fire ants had gotten in his helmet and were tearing him up. Sorry to hear about his passing.

I have many fond memories of Lee when we worked at Terrels sheet metal. And his love of softball! He was a good man and good Friend, gone way too soon.

*Yes! Lee and technology, indeed. Lee told me more than once that he hated computers, didn't use them, and didn't even know his own passwords. He depended on his office manager and Missy for all the technical stuff. I admired that about him! Lol!* 😂
