So sorry to hear of Jack's passing. A long time friend, indeed. A shame that we did not have the time to reunite and discuss the past. My condolences to Mary and the family. My prayers and thoughts are with you.

“ *Yoshie and I are still in shock and disbelief. A close and endearing friendship evolved from our wonderful business relationship. Although we reside too many miles apart to visit, our frequent and oftentimes lengthy phone calls to solve the rest of the world's problems will be sorely missed. Jack, Mary and family are in our thoughts.*

“ *Jack has been a regular client of ours for years. Although we have continued to see Jack on a regular basis, our entire crew was saddened when he decided to return the Momentai to Reserve. Always happy and gracious, he had a simple way of lightening the mood around here- just the sight of the yellow Hummer in the parking lot made you smile. We miss Jack and are praying for him and his loved ones.

“ I worked with Jack at Best Products and got to know him as a friend at work and on the softball field. He was very accomplished at both. As friendly and gentle as Jack was he was very intimidating running the bases. I loved watching the opposing team's giving him a wide berth as he rounded the bases. And I have seen many home run hitters but only Jack could not only hit the ball beyond the fence but beyond the lights on an open field. I remember seeing him grin as the left fielder would run out of lights and their shoes would disappear as they chased his hit. Many great memories and I will miss him. Wayne Luck
