“ Dear family members, My name is not one that you will know, but I worked for Jack Davis always called him Mr. Davis in the Coal Development Department in the O.H. Building here in Huntington, WV at 801 Madison Avenue from 1982 to November 1985. I was one of the three secretaries for Coal Development. He was a great man to work for and was a very fair and professional person who never failed to thank anyone who had done the job well. He always talked about the 3 week vacations every August at Surfside Beach with his family and how he wanted to live there after his retirement. I vacationed in Myrtle Beach each year in June for 27 years. We had the love of finding shark's teeth in common. I lost all contact with C&O and CSX friends after November 1985. My husband suffered lung cancer beginning October 1985 and died in October 1986. That was when most of the offices moved to Jacksonville, FL and Baltimore. My sympathy goes to all the family members. Brenda Carrico, C&O Railway clerk.##imported-begin##Brenda Carrico##imported-end##

“ Mrs.Davis, Bruce, Ginger and Jackie Just wanted to let you all know that I was thinking of you at this particular time as well as express my sympathies to each of you. Remember the good times that the five of you had together, especially on some of the family vacations that you took to the beach. Know that he will be with each of you forever in your hearts and minds like a light that might dim but that will never be extinguished.##imported-begin##Mike Carroll##imported-end##
