“ I do not know this family, but I am deeply sorry to hear that you lost your son too suicide. I am praying that God gives you strength to face such a horrible thing. I support suicide awareness among the many, many others that do too. I have a social media support page on Instagram where I rap about personal experience with suicide, and rap about all the hurt and the hate the world has to offer us. My reason for being open with so many people is, because it effects so many people everyday. Suicide claims the most life's everyday so my page encourages people to speak out, because they are not alone. I also rap about things such as school shootings that have taken other lives. My motto for my page is I don't "rap" I hurt.
