It was in 2002 I first met Jim. He held some classes at Belin UMC. I started as a complete novice and under Jims guidance was eventually able to sell a picture or two. His instructions were very complete and educated. Jim and I had different views on politics but we had lots of fun in that aspect. He loved art,, working with people in that field. Whenever I see a beautiful cloud formation I'll wonder "Did Jim paint the clouds in the sky today?"

I was a "green" beginner when I first began painting with oils. I could not have asked for a more patient and kind instructor than Jim. He made sure that every student's paintings were beautiful. He will be sorely missed by everyone who knew him.
