“ *Deb and family,*

So sorry to hear of your loss. Dave helped us out many times with things around the condo- but I loved his smile and friendly manner! Especially the last time I saw him, he and the little grandson were riding on the goft cart- and both all smiles! You could see the love shining- and I'm sure you'll made his life great on this earth! The video was wonderful and will bring back many memories for you all! You're in our prayers.

“ *Wish there was something we could say or do to comfort you, while no words can ease your loss, I just wanted you to know that you are in our thoughts and prayers. I always remember Dave having something funny to say, no matter what we were all doing. He sure loved his music, and I'm sure he's playing his bass right now, and making everyone laugh.*

My father, as a good father does, provided a fabulous life for his family. He worked harder than he had to, laughed louder than most people can, and genuinely felt love for every person he met. Everywhere I go, my entire life, people ask "how's your dad (and mom) because no one who knew me well, didn't know my entire family, my father was always a big part of my life. My father never missed a birthday, holiday, or get together. He always turned every moment into laughter and will always be the man I run to. I love you daddy, I think we took time to be sure we know that. May your journey bring you comfort and much more laughter as you brought to me. I will always be your Pooh Bear. Love, Rachel
