“ Jimmy, i love you with all my heart you were my dad and always took care of me with a smile. Many times I would be down and you were always there no matter what. My heart is very sad because I lost a part of myself you always taught me to say what was on my mind and now i cant shut up. My mom and me are stuck and i cant imagine how the world goes on without you you mean the world to me and i will always love you and remember the good times we had together. I will never forget you, the way you made me laugh or the way you always cared. I know you are looking over all of us trying to make less painful because you would not want us to be sad . I fell that this feeling will never go away. At least you are at peace with yourself and with God I know he will take care of you and never let you hurt again. You were BIG DADDY and noone could forget that all my love Alyssa. ##imported-begin##alyssa morton##imported-end##

“ Jimmy Lee was a great man. I can always remember when he would come over and we would have a battle who was the better piano player my sister savanna or me and whoever won would get \$20. It inspired me to play the piano better because i always wanted to be the best i could when jimmy came over which i never knew when it was. I'm always reminded by a person that loves him very much that jimmy had a special spot for me in his heart just for me and that made me feel special. Even now i know he still loves me. I will always remember Jimmy forever. ##imported-begin##Chelsea##imported-end##

“ First time I saw Jim he was bigger then life and swept me off my feet and took my heart like he did all of us. Jim was a one of a kind an very unique guy. He was a great guy in his very own different way that no one could ever match. I was glad I had the time we did together and even though things did not work out between us because we where too much alike, both stubborn. I always told him he would always have a piece of my heart and would love him forever..I didnt think forever was going to be such a short time. I already miss him, but I will always have those great memories specially him walking around talking out loud to himself and that great big smile!##imported-begin##Karen Snyder##imported-end##

“ James, or "Big Jim" as I and many called him at Helathpoint, was a great and caring man. He was a man who always had a smile on his face, good things to say about people, and a positive and optimistic outlook on life. All of this was demonstrated by his actions in the gym. Whether it was joking with people, providing a spot or encouragement when lifting weights, helping people with problems, or just lighting the mood. Jim was a man who loved life and shrugged at problems. His attitude rubbed off on many people from all walkes of life. I know that I, as well as many others, are better people for having known him. I will greatly miss the conversations and advice Jim gave. I speak not only for myself, but for my entire family, all of my friends, as well as many others at Helthpoint who knew Jim in saying that we all grieve deeply this day. The day Jim died the world lost a great man, Heathpoint lost an great inspiration, and I and many, many others lost a great friend. I hope at this very difficult time that this small remeberance of Jim is a source of comfort. If there is anything I can do please do not hesitate to contact me.##imported-begin##Scott Stiller##imported-end##
