What a wonderful trip down memory lane....everyone at Goldfinch has been so helpful and understanding with my pain and tears every step of the way, it is not easy to be without your best friend of three years, husband and lover of 48 years, and a dedicated father over night, it is a crazy world we all live in today, The faster-paced our world gets the harder it is to slow down and find the time to spend together, Law Enforcement and being the best Police Officer you can be was always important, we both knew that from day one, and I realize now that things will never be the same, but the years we loved each other created a special bond that will always be a part of us both a love that will last forever. I am thankful for our beautiful years and one day you will greet me with a smile and say "Welcome Home" I have missed you. I love you..... Your Wife Hugs and Kiss's June

So shocked to find out my Father has passed and to see in this video that myself and my 2 brothers - God rest their souls - apparently never existed. Regardless, we know we were important to him no matter how you tried to make us go away. You will now live with the pain of no loved who surrounds you. KARMA. I've always loved my Dad and felt he was swayed by your evil. He was a good man. Now you live with your loneliness and pain. God help you June. Nobody knows the Evil that you are. I do. So did my brothers. God rest their souls. I heard all about it. Now you deal with that. I love you, Dad and always have.

*Thank you very very much for proving the statement that was said many times by James C Woolfenden Sr.....Quote.....No one should have to pay pence all his life for wanting and getting a Divorce.....Lenny and Billy had passed and were not part of our immediate family....we had only one childJames C Woolfenden jr....and one Granddaughter...Ashley.....
Theresa ...was not part of our family...she was a Keel.....
When you let hatred become your soul purpose in life.....Guilt is a hard thing to deal with when the end becomes a reality....and lost out because of so much hatred...
James Woolfenden Sr.....found Love
Contentment and Appreciation...and was my best
Friend....Husband...Lover....Father I could have ever hoped for through all of our years....51.....he went from a Private to Major.....and then to Assistant Chief at the Police Academy
We stood hand and heart together through it all....he told me....family...
And many Friends I was the person that he wanted to accomplish so much for I gave him the true meaning of what Marriage and Love was about.
Now everyone understands what he meant about his Quote.....as he would tell new recruits.....True Love is something you find once in a life time.....Police Work is not easy.....and most of all you have to have the right partner at home as well as at work.....we become a Police Family that is always there for each other....Love to you Papa Wolf from Moma Wolf.....you taught me well....*
