“ *What a blessing you were to walk in to our life close to 9 years ago. Little did I know that such a sweet innocent girl, born to Kevin and Missy, would become a wonderful light in my families lives. Summer, your father did an outstanding job raising you throughout his life - for which I will be forever thankful! I didn't know him other than a wave hello or goodbye when dropping off or picking you and/or Sam up from your endless visits over the years, yet I do know the few times I had the opportunity to speak with him - he was always upbeat, yet layed back in his mannerism and speach - which alone is a blessing so many other people in this world need to learn how to do... My fondest memory of your Dad is when I FINALLY convinced him to let you fly to Iowa with Sam for Jake's graduation. How many weeks did it take us to convince him? AND when it came time for you to fly... how many notes did he leave for you??? LOL! That alone was a true testament, unknown to him but to me, of his love and devotion for his little girl... The world might have stopped for you the day he died however, I know his love for you didn't and never will because I can promise you with everything that I possibly can, your Daddy is and forever will be right by your side for the rest of your life...##imported-begin##Judy##imported-end##*
