“ Judy, I wish to extend my condolences on your mother passing away. Having gone through both my mother and father and my brother I can understand that death is never understood. However it is a reality so we must all remember those who passed away and keep the "good times" in our mind as we go through each day. Once again I was sad to hear of your mom's death. Now that she is gone you're going to see that you'll enjoy thinking of her each day and those thoughts will help you get through the rest of your life.
