“ I miss you today, yesterday, and everyday. The pain is still overwhelming it takes my breath away.
You were my world. I will never be the same without you.
I would rather have this unimaginable pain that I live with daily than to have never had you with me.
Wes misses you so much. I saw the BFE you sent me.

Wes and I are sending you love in heaven

“ I was very saddened to discover this. We had some great memories going to Auburn games and spending days in Charleston.

“ Casey, I'm not sure what I can say besides I miss you. Should, could, would won't change what has happened. It won't change the fact our late night conversations will no longer happen. Talks of Charleston, Food, and anything that popped into our heads. All of that is gone. None of us, your parents, brother, friends, myself will be the same.

I could say I'm mad at you. I could say it was selfish. Or any other things in the heat of grief. But none of that would be true. It never was. But here is the truth:

I love you, sweetheart. Deep as the sea and high as the stars. You're worth it all day every day. Fly high love.

“ Jarred (Casey to me) was a great young man and his early loss tears my heart out.
We shared many ideals and had some great talks and visits.
He will be missed but never forgotten by so many.
RIP my Friend

*Our Dear Friends Eliz, Paul & Wes, We are in disbelief & devastated for you over the loss of your wonderful, kind, loving Casey. One of our treasured memories of him will always be of that funny, energetic young boy on our Charleston cruise many years ago. Even then he had such a passion for history & ships & of course his love for those old 78 records. How lucky you are to have had this special child in your life. His spirit will be with us always. Until we meet again, our dear Casey, God WILL hold you in the palm of his hand.
Our Love Karen & Art*

Such a nice and energetic young man. He always beamed of happiness and joy to everyone he met. We mourn for his life being way too short.
