“ I will miss you buddy. It has been a long time, but I still remember the High School days when we would run accross the field to hit your apartment so we could pick up your green Pinto and go out for lunch, nights spent up at 'the loft' at Kevin Links house, hanging out at your place watching your Pirahana, and grabbing our skateboards to skate the 'ditch'. Some great memories man. I was so proud of you coming though your surgery's our senior year and all the trips we made up to Hopkins in Baltimore...and proud of you now man. You will be missed...##imported-begin##Todd Sullivan##imported-end##

“ Jason was a very special person to me. I was lucky enough for the last few months of his life to grow close to him. He made me laugh and smile like no one else could. Even after his passing I can still hear him saying "Good Morning Princess" to me each day. He will always have a special place in my heart.##imported-begin##Stephanie Cooke##imported-end##
