Jay and I have been friends since our first year of teaching down in Weslaco. We both went down and taught summer school that first year and we have been friends ever since. The video is wonderful and it just makes me so sad that our world will have to continue without that sarcastic yet incredibly sweet and loving man. My thoughts and condolences to his family...I know how much he loved you all....how much he loved all of his friends. Debbie Kuroiwa, Nagasaki Japan

I first got to know Jay when we were in junior high school where he sat in front of me in Mr. Pomajzl's 9th grade algebra class. He knew he had an appreciative audience in me from the first day and took every opportunity to do insanely funny things so that I'd crack up. Of course, Mr. Pomajzl would turn around to see what the heck was going on and I'd be trying to contain myself and Jay would suddenly have such a studious and serious "I love math" look on his face. I didn't learn much algebra that year, but it was an awfully fun class. Then, when we were both seniors, the CHS music/drama departments put on the musical "My Fair Lady". I was cast as Eliza to Jay's Professor Higgins. Preparing for and performing that musical alongside Jay will always be one of my fondest and most poignant memories. That experience was Magic because of him and I'll never forget it. Jay was always fun and crazy, but also a gentle and beautiful soul. I am heartbroken to hear of his passing!

“ I have known Jay since I moved to Laramie in 1980. He immediately made me feel welcome, and we became fast friends. We relied on each other, we shared problems with each other, we loved each other. I feel so sad that he is gone, I will miss him so much. Fly high Jay! I will always cherish our friendship.
