“ Jen and I met when she started working at the Doc House with me. She and I work very closely every week and we felt like we have known each other for years, even though it has been a little less than one year. She was an awesome nurse, her help to me was tremendous in the office and she cared and treated our patients the way I would have done it. We were quite a team, you the left hand and me the right hand. What I admired about you most Jennifer, was that you were a very dedicated mother to your daughters. Even though you were a young mom, you were probably one of the most driven and dedicated moms I have ever known. Your girls always came first, no matter what. Even on the days you didn't feel very well, that didn't keep you from your responsibility of being a great mom. I will miss you terribly and I can't believe you were cut short of your dreams at such a young age. You would have been an awesome R.N. and any hospital who let you work in their ER would have been privileged to have you. I think you were one of the most amazing, mothers and nurses and friends I have ever known. I feel it was a great honor to me, to have been able to work with you and been your friend. I adored you Jen, and my heart is very saddened at the loss of you. I will remember you always. You were a great friend. Love, Cindy###imported-begin###Cindy Rankine###imported-end##

“ Jennifer, I miss you so very much, you were the first person I met when I moved here, and you and your girls were so much a part of my life. You were a great friend that touched my heart deeply. Watching you as a single mom raising your girls, and seeing how much you loved and lived for your girls was amazing. I will miss you dearly! And will continue to try to help with your girls, I will always love you. I am so glad I got to meet you. Thought of you with love today, but that is nothing new. I thought about you yesterday, and days before that too. I think of you in silence, I often speak your name. All I have are memories and a picture in a frame. Your memory is a keepsake, with which I'll never part. God has you in his keeping, I have you in my... heart. Love you and I'm so grateful to have u a part of my life. “ I got to know Jennifer when she worked under me. She was one of those nurses that you were glad to have on your team. She was dependable, knowledgeable and dedicated. When I asked her to try a knew role as the staff development nurse she was a bit hesitant but I saw in Jennifer the ability to shine no matter what you asked her to do. And shine she did. “ I worked with Jennifer at The Doc House, our desks were beside each other. I was so blessed to get to know her. She was such a sweet and caring person. She worked so hard at her jobs, at school and raising her precious girls but yet she took her time and energy to care for others. I have been going through some challenges for the past month and Jennifer has been there for me and supported me with her love and caring. We took our kids to Freestyle Park back in August and had so much fun together. Though I met Jennifer less than 1 year ago I felt like I had known her forever. She will be so sadly missed by her family, friends, co-workers and patients. She was a very unique and special person and I loved her and treasured her friendship.##imported-begin##Allison Wikle##imported-end##
