“ Dear Patti & Bob, know that you are in my thoughts and prayers. The most vivid memory of Aunt Jessamine I have was at Ethan's funeral. She took me for an errand in Fran's red chevy. While she was busy driving I was in the backseat going thru her purse. I found her red lipstick which I used to draw on the white seats. She discovered why I had been so quiet when we returned home. She asked Fran if we could go for a drive around the lake, then we drove around the corner and cleaned up my artwork. No one was the wiser...

“ Pat, Have fond memories of your Mother and wish I could be there for you. It doesn't matter how many years she has lived, you will miss her each day and the pain will be with you for a long time. Your faith in God will help to console you. Please know I am with you in my heart and mind, and will pray for you each day. Much love and caring. You are my dear, dear sister. Phyl

“ Dear Pat and Bob, We wish we were with you, but you know we are there in thought and prayer. Jessamine was always a lady, had a good sense of humor and loved you dearly. You nurtured her with love and kindness for many, many years and you should feel at peace, knowing that she is finally at rest with her God. We love you,
