“ Patrick, I know your parents were so proud of you, and I hate that you've lost them both. Know that their pride and work ethic are still evident in your life like it was in my first Algebra class. God bless you and your family.

“ Patrick, I just read of your father's passing. He was such a wonderful person who was so proud of you and your family. I always enjoyed talking with him whenever I happened to see him and we would reminisce about you and your high school years. My prayers and thoughts are with you and your family.
