“ Joe Carter will be missed by everyone's life he touched for the rest of their time. Joe was a great leader with everything he touched: his friends, family, his poetry, gardening, canning along with his coordinating skills for the park in which he lived the last part of his life. I will never forget him and the friendship he made with my mother Mim Zimmerman. They are together once again to spend eternity working their garden in heaven. Thanks for all you did for everyone. Things won't be the same for so many people. May you rest in peace with mom dad and Tiffany by your side.##imported-begin##Colleen Zimmerman Naffziger##imported-end##

“ Joe Carter was a true friend and I will really miss him. I looked forward to going to the beach and seeing him; he was a wonderful man--so helpful and caring. He and I shared a love of gardening and many of our conversations were centered around gardening. I loved to ride up to his gardening plot and see what he was growing. He gave me my Confederate rose. I did not think that stick would grow, but he assured me it would and it did. I thought of him as the "mayor of Waterford Oaks" because he was a great community advocate. I loved to talk to him about current events and baseball. I could listen for hours to his poems and treasure his CD of poetry. His mind was so alert when I visited him at Duke despite the fact that his body was weak. Joe, I will miss you so much.##imported-begin##Faye Shirley##imported-end##

“ I will miss Joe Carter so much, he was a dear friend whom I new for 10 years. He was always helpful when you needed support and guidance. I looked upon Joe, as a father figure, since my Dad died at an early age. He was a special caring friend that I will always remember, his great stories and poetry that I enjoyed listening too. He will be missed by alot of people that he helped over the years, there will never be another one like Joe.
