“ My name is Larry Hook and I am very sorry to hear of my friend's passing last weekend. I worked together with Joel at Cummins for many years and when I transferred to Charleston in the late 80's and Joel worked at Spring Service and would be in the Charleston area we would hang out together in the evenings telling those funny jokes and stories that Joel could only tell. We met many people and they all loved the special man that he was. He would talk a lot about Betty and Allen and even though we may have met only once or twice I wanted you all to know that I thought so highly of Joel. I'm sure he's there in heaven now telling those stories to all who will listen. Hope you all do O K and if we can help in any way, just call on us at Cummins Atlantic in Columbia and we will help.##imported-begin##Larry T. Hook##imported-end##
