“ *Days like today are where I miss you more than ever. I use to say your small talk got to me and I was tired of it but now I miss your voice more than ever. I miss the talks where you just asked me about life and just gave me advice about anything and everything. I will be beginning a new journey with my life in education in a couple of months and I wish you could see how much I have grown as an individual. I am so blessed to have had you with me as long as you were. You were everything to me grandpa and I will never forget the memories we had and cherish them forever. Although I wish you could've been here longer and witnesses more of my accomplishments I know that someday we will reunite again and I will never take for granted our conversations. I love you so much.*

“ I loved you ever since the time I could say my first words. You were not only an amazing grandfather, but you were like a father to me. I twill forever remember the days where we went on a "Sunday dates", where you took me in my carriage to go see grandma, or the times where I stayed over your house 24/7 and you sang to me "Are you lonely tonight". I will never forget about you, and all of the positive memories that we cherished together. Without a doubt you meant the world to me, and I thank God for each and every day that I got to share with you. RIP grandpa and I will see you in Heaven someday. Love forever and always, your grand-daughter Chelsea
