“ I only knew John for my first year at Burgess when John was in the 3rd grade. As his librarian, I only saw him once a week except when he came in at other times to exchange his books. He was always a sweet, polite and always smiling. I would always ask Olivia how he was doing and to tell him we were thinking about him. He will be greatly missed. Your family will be in our thoughts and prayers.

“ I first met John when he was in 2nd or 3rd grade. He came up to me and said, "You know me, I'm Sam's brother." Since then, Whenever John would see me in the hallway, he'd ask how my day was going. That giant smile and those adorable dimples! He couldn't wait to come to 5th grade. I loved hearing the kids talk this morning about their memories of him... They spoke of his love of sports and the outdoors. He was also quite the jokester! Apparently last month at the math carnival, he cheated on all the games and walked away with pockets full of candy! Several of the kids knew he was cheating, but they just laughed. I asked why nobody called him out on it, and one wise girl said, "Mrs. Stamp, you only live once!" He clearly made an impression on everyone. Thank you for sharing your son with us. We are better for knowing him.

“ *Takoda and I had a special bond with John since they were about 3. There was never a time he would see me, give me that dimpled grin and check to make sure I didn't have my can of spray glitter to spray him with. He always said he hated it, but he never got mad when we made him sparkle. We've shared many memorable times through these years and I wouldn't trade any of them. John was always a big brother, not only to Olivia but to his other friends. He watched out for his friends all the time, and I'm sure he will continue to watch over everyone he loved. We were all blessed to have him in our lives - thank you Stephanie and Bill for letting us share him with you.*

He has always been my Crazy John and he always will be - no one can ever take his place. Until we meet again!

There's not many adults that can do that, let alone an eleven year old boy! Sending many prayers to the Lucsko family. It has been honor to be your teacher, but more importantly to have had the chance to meet you!*

John you were one of my best friends. I will miss you so so so so much. I miss I had gotten to see you one last time and said goodbye. Thanks to Michael you made his life even better while he was here. You guys were like brothers.

Abigail Nash - May 02, 2016 at 07:12 AM

Dear Lucsko Family, I am so very sorry for your loss. I met John through my daughter, Abby. I loved him immediately! His smile was contagious and he always made us laugh. He just had an aura about him - my heart just lit up every time I saw him. I would visit at lunch time and John was always with Abby. She used to come home from school and tell me all about the silly things she, John and Michael would do at school. Abby and John were also on the Burgess Archery Team together. My daughter loves your son with her whole heart and soul. She always said John was her best friend. The last time I saw John was Halloween. He ran up to me and gave me a hug and told me he was doing much better. I was so happy to hear that. We are going to plant a Confederate Rose Bush in our yard in memory of John. I thought it was perfect because the roses are so big and beautiful, just like your son's life. Thank you for sharing your beautiful, loving, happy, funny, brave son with the rest of us. I know he made mine and daughter's lives better for being in them. We will never forget John and the amazingly, beautiful person that he was here on earth. He will be in our hearts always. Your family is in my prayers. <3 Sincerely, Deborah Nash

“ John taught me so much - even though I held the title of "teacher." He always smiled, no matter what he was going through. He always tried, even when treatments made his mind fuzzy. “ I am so sad to hear about John. He was such a joy to be around. He always had a smile on his face and a positive attitude. Even though I knew John from being a substitute teacher, he and I formed a close bond in 2nd grade where I referred to him as Johnny and looked so forward to seeing him and subbing for his class. John made me and everyone around him smile! I will miss him so much and send prayers to his family.
