“ To my sweet little brother, We all miss you dearly...still. You are still in my heart and on my mind. I keep your picture at my desk and think about how silly you were. There are times when I wish I could call you and tell you about something funny or to just remind you of something stupid we did so long ago. Your memories keep you with us and we are so lucky to have been a part of your life. Bailey is 15 now and reminds me so much of you. She is so grown and you can't tell her anything. She was so young when you passed and didn't get enough time with you, its just not fair ya know. I think everyone should have known you like we did. I want you to know how much we still think about you and love you. You are the reason that I am not scared to die anymore, and can't wait to see your smile again. If heaven wasn't so far away I would be there with you right now. Please tell everyone I said hello and I will see them when it's time. I love you more than words can say.

“ John Michael, Jr., Punk and Buttwipe....WOW, you have a lot of names but most of all you are 1 of my 2 favorite nephews. I remember so many things we use to do together, you, Charlie and myself playing football on Thanksgiving, teaching you and Charlie that even an "old woman" like me can still take you 2 down, beat you up and even handcuff you. Thanks for letting me practice my handcuffing skills on you, I was one of the fastest in my class. I miss you boy, more than I thought I did until I started writing a paper for school on Methadone. I want to educate others so that no other family has to feel the pain and emptiness we feel without you here. I had to be strong for your mom after your death but as time goes by it gets harder for me....hopefully the paper I am writing will help others but for me it brings back the feelings of losing you. Now, on to the good stuff, I know you are looking out for my sweet Talon and taking care of Pa so keep up the good work. Please tell them I love and miss them both. Tell Talon his Grandmama or whatever he would have called me misses him and wish she could have just a few minutes with him. Remember how great a kid oh sorry young man you are, how many lifes you touched and how much you are loved and missed. You are the kind of person all parents want their kids to be and would have been the man daddys want their daughters to marry. Oh yea, and always always remember...Aunt Skinny is great, better than chocolate cake. I love you and my heart breaks each day missing you. Please take care of your mom and Tommy, they both need you to reach down and touch them, make things better for them and please heal your mom's heart and let her be happy again.##imported-begin##Sandra Brown aka Aunt Skinny##imported-end##

“ John Michael, I don't know where to start, but I'm going to start with how much I miss you. I know that your in a better place, but I'm selfish and I want you back here. There's not a day that goes by that I don't think about you. I consider myself luck to have spent as much time with you, as I remember the good times. I hope that you help me look over Bailey. Lord knows, she can be a handful. She wrote you a letter, but you can't really read it. It's just a bunch of circles with letters added in. I didn't know that Sunday night would be my last time seeing you and I don't remember if I told you I love you before you left. I hope that you already knew that. Maybe Jessica, Kayla and I will become closer and use each other to lean on. I want you to look over Mom and know she is thinking about you. I know that you are gone, but your happy memories that you left behind make you never forgotten. I love you and miss you more everyday. Do me a favor and give Talon a kiss for me. Don't forget to feed and water Gauge. Remember we all love you and we will see you when the time comes. Please meet me at the gate. I don't want to get lost.##imported-begin##Kelly LeBlanc##imported-end##

Your legacy lives on in the face of my son. For that I am thankful. Please stay strong and do not be afraid. We will be together soon. I look forward to having so many more laughs with you. I love you with all my heart and I will miss you with every breath I take. Love your sister, Kayla, Joey and baby Anthony.##imported-begin##Kayla LeBlanc##imported-end##

“ To my loving son i am trying to be strong for you. How are you? I know this may seem like a strange request but please please ask Jesus if they made a mistake and took the wrong son. Everyday I wait for you to walk in that door and scream my name. But, the door stays closed and your voice does not ring out. I had 15 years, 10 months, 9 days, 11 hours and 57 minutes with you. That is alot of good memories. Please stay close to me so I can draw strength from you. I love you so very very much. Never forget that. My arms will always be around you. I have to go now because it is to much to bear. You will always be my special one, my little angel and most of all "my little Buttwipe" Love forever. “ To all John Michael's friends and the many who have expressed their condolences. I want to take this time to thank each and everyone for their prayers, flowers, food and their donations to the John Michael LeBlanc Jr Memorial Fund. This fund will help pay for his services and hospital bill as we had no insurance. Once again let me thank you in advance for all your support and strength during this difficult time. For all his friends: Within 2 weeks we will have John Michael's Game room complete. This will include his pool table, table soccer game, PS2, and all of his trophies. I expect all of you kids to come and play, hang out and eat pizza rolls. I also need someone to teach me to play pool and PS2. Hope to see all of you soon. “ Dear Son, This is the letter than I never thought that I would be writing to you. Son, you were the son that every father and mother would love to have. You were so loving and caring all the time. You always made the best of everything you did. I'll miss the times that you would call me, just out of the blue, just say, "What's Up", mostly when you were at work. I remember the time we went fishing. We never did find that pond. That's OK! Walking with you through the woods, that was great! Someday we will walk together again. All of us will be OK, knowing you are watching over us with all of your love. I love you, I miss you so much. I will love you forever no matter where you are. “ Sandra, John and Family, I, too, was one of the fortunate people to have known John Michael. When he came to visit his Dad and stepmom, my daughter Linda, in the summer of 2005 we shared a special bond. He was the sweetest little man ever, so polite, with such a sparkling personality and wonderful sense of humor. He will be missed by so very many people including "Gram Cracker" as he lovingly called me. My heart goes out to all of you. This is such a tragic loss of a beautiful life, but he is an angel in heaven now, watching down on all of us and no doubt entertaining our loved ones who have gone before. “ I am home in Heaven, dear ones; Oh, so happy and so bright!
There is perfect joy and beauty In this everlasting light. All the pain
and grief is over, Every restless tossing passed; I am now at peace
forever, Safely home in Heaven at last. Did you wonder I so calmly
Trode the valley of the shade? Oh! But Jesus? love illumined Every
dark and fearful glade. And He came Himself to meet me In that
way so hard to tread; And with Jesus? arm to lean on, Could I have
one doubt or dread? Then you must not grieve so sorely, For I love
you dearly still: Try to look beyond earth?s shadows? Pray to trust
our Father?s Will. There is work still waiting for you, So you must
not idly stand; Do it now, while life remainth- You shall rest in
Jesus? hand. When that work is all completed, He will gently call
you Home; Oh, the rapture of that meeting, Oh, the joy to see you
come! -Priests of the Sacred Heart###imported-begin###The Brosky

“ Hey John Michael, Some people wonder if one person can really make a difference in the world, but I think it's possible, because I've seen the difference you make in the lives of those around you. You are a wonderful example of what a caring person should be, and in a world that seems a bit cold and impersonal, your warmth and compassion really shine through. You're a very special person who had made a beautiful difference in a lot of lives, including mine and I am deeply sorry that this has happened to you. You will be missed more than words can say. To the family, my thoughts and prayers are with you every day.###imported-begin###Diane McCormick###imported-end##

“ I don't even know where to start, I can't believe that this happened to you. We have been through so much together over the past two years, a lot of good things and a lot of bad things but I am so glad that you came into my life. You were my first love and my first heartbreak, and no one will ever be able to take your place. After everything that we went through I am so glad that we remained close friends and still cared about each other. You have no idea how much you are going to be missed by everyone. I love you so much and will never forget you.##imported-begin##Brittany Holmes##imported-end##
