“ Pappy,
I'm at a loss for words right now. I thought I had prepared myself for this. I have so many fond memories of you that will live with me forever such as getting to spend my entire summers with you and grandma, helping you build your shed at Captains Cove, our dinners at K&W, meeting your friends at the bowling alley and also bowling amongst them collecting the dimes for grandma. I always enjoyed going fishing and squirrel hunting with you. I can remember when we would go and collect all of the crops from your gardens and sell them at the end of the driveway in Maryland. I also remember you driving us around in your green chevette making doughnuts in the snow. I will always remember your ability to remember what cards we played when we would play our many card games I never could master the art of remembering cards the way you could. I thank you for teaching me all of those many games. I can go on and on with all of my memories of you but you know them all. I am sad that you are no longer here but I take comfort knowing that you are in a better place and free of all of your ailments. I love you and I am very proud to be your grandson.

“ Pappy-I am thinking about the great times I had with you as a kid-going to the circus and feeding the ducks down in North Beach-and all of us kids selling the veggies and fruit from the garden a the end of the driveway on the farm-you teaching me how to drive and to parallel park that I still can't do. I have so many great memories of you. Just know I love you and I am very proud to be your grand daughter,

Love you
