“ Dr. & Mrs. Wilson, Scott, Mark, Brett and family,
I was saddened to hear of your loss. My fondest memories of John were his high school years when he and Chet would come to our house many times to cheer up my older sister when she was sick and couldn't attend school for part of her senior year. The two of them would entertain all of us. John had such a great sense of humor!
My thoughts and prayers are with your family!

“ I was saddened to learn of John's passing and I extend my heartfelt condolences to his family. He was the best friend of my brother, Chet Williamson, for more than 50 years. John had a brilliant mind, a creative spirit, and a very evolved sense of humor. He was kind to Chet's little sisters who always wanted to be in the middle of things. When I was five years old, I thought John was the coolest person in the world because he could lift me into the air high enough for my head to touch the ceiling in my parents' home. I pray that John and Chet are together, again, playing music, telling jokes, and embracing the wonders of Heaven in the presence of God.

“ John was a good doctor. He found the AFib that I have . He also took care of my wife, Lisa with the illness she had. While my friend Ernest dealt with ALS, he would go by his house to see him. not only as a friend, but a doctor. I also heard rumors in his younger years. When he would visit Mr. Knozit . Rest in peace John I know you will be missed by your family your friends.

“ I just read about my dr and friend from class of 74 passing. This breaks the hearts of my wife and myself. John saved my life from being persistent in finding my heart blockages. I passed every test taken not showing any problems but John insisted for me getting a heart cath. Afterwards John was my doctor for 16 years and was a great dr to Patty and myself. John you will surely be missed. Rest in peace Martin and Patty Shelley
