“ Grandma will surely be missed. Throughout her life and even in her last days she carried a sense of humor. I'm thankful that my husband and I got to take her back home to Conway and have some one on one time with her. I remember we stopped at McDonald's that evening and she tried for the first time frenchfries dipped in honey mustard and loved it! She said, "This is good, I've never had this before!".... I'll always remember how she loved her pets Brittany and ChiChi, both were her sidekicks! Most importantly, I'll cherish and follow in her footsteps her LOVE for the LORD! No matter what, God was put first and she shared that with me. When I was scared or felt the devil on my back she's the one that told me what to do or say to get him to go away, "Helen, all you have to do is rebuke the devil and ask God to spread the blood of Jesus over you and your family! God gave you the power to do so and nothing can peirce the blood of Jesus!" I thank God that Grandma told me this and I've done it ever since. My husband, Phillip, was blessed enough to have met her along with our children except Donovan and he too was saddened he said, "That's awful, I really like her!" And that's true, if you ever got to meet her just once you couldn't help but not like Grandma. She was kind, loving, generous, let's not forget talkative haha and wanted to share God's word with anyone! Grandma thank you for all the people you've touched and for creating a wonderful mother Susan for me, you will truly be missed and I will see you again one day!! Love Always, Helen Christmas and Family###imported-begin###Helen Christmas###imported-end###
