“ I can't believe this is real. Katie was literally one of the best people I have ever had the chance to meet in my life. I am so thankful that I can say we were best friends for so many years. To pick just one memory is impossible because we had so many great ones. Beach days, jamming to Kesha everywhere we went, going out to go dancing for hours on end, lady "Treat Yo Self" days with nothing but shopping, more shopping and junk food. Getting spur of the moment matching Italian tattoo's when you always laughed bc you weren't Italian but I was. And then of course I have to mention BLUEBERRY YOGURT MILK!! We could never not mention that without crying laughing. There are so many more but I'm balling like a baby writing this out. I will always cherish all the memories we shared and I will never stop thinking about you. Ever. I love you Katie Rager. 🥺💔😭

“Katie was a special lady who was very sensitive to other people's pain. She intuitively knew when someone was worried, upset, sad or depressed and she was quick and generous with her special hugs and bright smile. I know personally how special her hugs were and she always knew when I needed one.

*Katie, I can never adequately thank you for being there for me during my dark time; you brought warmth and light to me when I needed it the most.*

*You are going to be sorely missed, you leave a warm but empty space where you and your heart once were, here on earth, but now you get to go and share your special hugs with the others that you are with now.*

*And I can't speak of Katie without acknowledging her absolute love of animals. There are some very lucky puppies and kittens out there because of her concern for their well-being and for her unconditional love for them.*

*Please be a peace, Katie, while you tend to us from above.*

“ My partner, Allen & I had the pleasure of meeting Katie at my daughters wedding. We stayed the weekend of the wedding at the same house. She was laughing and playing around a lot. Her smile was infectious and her giggles were many. Katie was a very intellectual person and I found as we talked I liked her more and more. Full of life she found the good and the great in everyone. I can only imagine the pain for her family, and many friends. My heart goes out to all the loved Katie. May the memories of your Katie be in your hearts and mind, forever. deb & allen

*Ronnie and I were just devastated to hear that Katie had passed. She was always a sweet and polite girl. Her love of animals was so special. We would never have met Lucy without Katie! She stopped by the house last June when you told her about saving our little Birdie. He wouldn't come out from under the bed, but she got down on the floor so she could see him. I will always smile when I think of her. I hope the time comes quickly when your smile replaces your tears at her memory.*
