“ Just to let the family know you are in my thoughts and prayers as you go through this difficult time. As a former employee of Friendship Medical Clinic, I was blessed to have gotten to know Kathryn. Although she eventually left our clinic, it was my privilege to have had the opportunity to become acquainted with her. She was always appreciative of our efforts and truly had a fighting spirit as she faced her illnesses. Now she can rest....##imported-begin##Martha Amundsen##imported-end##

“ There are so many memories that I have ranging from childhood to adulthood. I truly couldn't pick just one as the best, but I would have to say that the memories of camping come flooding to the front of my brain the fastest. You could go from camper to camper and tent to tent and you were never without family. Family was always first and foremost in your mind Kathy. Your love and dedication to being there for your family never wavered. I'm glad to know that you are still with family at our Father's table. Love, Stephanie##imported-begin##Stephanie Western##imported-end##

“ Kathy, we've known each other since we were 12yo, we just spoke in Sept of all the fun times we had in rainbow, and all our friends and what they were doing now. Rainbow brought me to your brother, Jack, who I married. You all welcomed me into the family and I've been here ever since. Remember when Jack would come to visit you when I was working. You told him, how come you come to visit and Craig is always wet. He knew his sister would change him and you did. My mind now is just going through all our times as a family and I can picture so many things. I truly will miss all our loooong talks together. You were so devoted to your boys, and your grandsons and Don. You were the only person in the family, as the boys got bigger, that they would let their Grammy call them by their nicknames. You were a special Grammy. You have had such a though struggle and you fought all the way. Now you are at peace and will be able to see Dad, Don, even Jennifer. They are waiting for you. Always my love, Carol###imported-begin##carol wolf###imported-end##
