“ *I only met Ken a couple months ago when he hired me to paint his garage doors. We began talking, he was a great man who was very kind and intelligent. I came back to do his windows and we sat and talked for a long time. He treated me like a human being. In life we find that society can be cruel, but there are ppl who are kind and thoughtful, that was Ken. He was a friend to me and I will truly miss him.*

“ I am sorrowed to hear of Ken’s passing. Ken and I were coworkers and friends for 25+ years at GTE. We were members of a small work group where everyone worked closely together. Ken was always a hard worker and eager to help reach our goals.He was well liked by his peers. My sincere condolences to all his family and, to Donna who was a classmate and friend of my late son.
