“ Kevin was my all time favorite student at Glenwood Elem. years ago. We shared May 21 as our birthday and celebrated it each year. In spite of his physical difficulties, he had endurance, courage and resolve to relearn the most basic tasks. He was truly remarkable! He asked me out to lunch with him at school each day, then he walked me down the hall to the school cafeteria! Sometimes he was upset with himself for the things he could not do, and he grumbled sometimes about it, but he prevailed! I have thought of him and of you and your family many times. My heart is broken now as it was when Dr. Moran died. I am very sorry for your losses. Dr. Moran was my major professor at Berry. He had a tremendous impact on my life. I have just retired as the principal of Armuchee Middle School. I am so appreciative of your family, and remain so proud of knowing your family. I pray God's blessings on you. “ Ms. Moran, My heart broke as I read that Kevin had passed away. I thought of him so often and I am so sorry I was out of town this past week-end and did not know about it prior to this morning. As I know you do, I have so many fond memories of Kevin, his time with us in the bookstore, and most of all his love for his family. He definitely loved his Mother very much and you did such a wonderful job with him. Kevin and I hit it off from the start and I loved him dearly. He use to call me St. Debra (no one has ever done that since). I will remember that as long as I live and I will always hold a very very dear place in my heart for him and your family. Those were wonderful days we all shared with you, Kevin and Dr. Moran. Those days at FMU were the best ever and will never be replaced. Kevin was a very warm, caring and talented young man and I am sorry I lost contact with him but never in heart and mind. I have one of his paintings in our stockroom that is hanging right where it was when he gave it to me and as long as I am here it will remain there. It was the pond and every am when I make my coffee, I look at it and remember the young man that touched my life so dearly. My heart and love goes out to you and your family and know that you all are very loved and missed. In the days ahead, think of all your great memories and good times, the lives that Kevin touched and know that as tough as his situation was at times, he was the greatest young man I have ever known. “ We enjoyed knowing Margaret and Bill at Berry College about 1968-76. He was teaching English, then became dean. He was good at both. I was head of physics. We knew about Kevin and Tommy, too - a wonderful family. It was sad to have them move, but good that they came to S.C. We are praying with confidence that our Father, who does know your pain, will hold you close, strengthen and sustain you as only He can. “ How thoughtful of you to include Kevin's memorial in the Rome News-Tribune. My name is Jimmy Moore, I attended elementary school at Glenwood with Kevin and Tommy and have fond memories of them as the first set of twins I ever knew. I remember watching them share a brotherly peck on the cheek in the hallway each morning before parting for separate classrooms. Although, I realize they would both smack me a good one for sharing that! I remember Kevin's courage as he fought through his early health issues, his brother's continued support when he returned to school. I also remember his kind smile as he helped the rest of us come to grips with the changes in his life. As was the custom of the day, Kevin and Tommy moved away without fan-fare and I never knew where they went. I am very proud to read that Kevin went on to college, graduated and was an active volunteer. I'm sure that he kept that friendly smile through the years. Kevin has long been in my thoughts, today he is in my prayers. May God bless and keep Kevin close.##imported-begin##Jimmy Moore##imported-end##
