“ My deepest sympathies to Glenda and the rest of Lee's family. Lee was an infrequent but valued client. I always enjoyed my conversations with him and could look forward to a friendly face whenever we met. Lee conducted his business with care, compassion, and integrity. All who dealt with him as a builder will miss him.

“ Glenda, Joni & Bob, George & Eric-I am so sorry for your loss. I spoke to him at his Mom's funeral and had to introduce myself as although we were cousins I really hadn't had any contact since he & my Dad worked together on Route 12. My thoughts & prayers are with you all.

“ Sorry to hear of Lee's passing. I just reconnected with him on Face Book about a month ago. Lee and I hunted together many times. Once in high school after a big thaw in late January or February and flooding that followed, the temp plunged to 20 below. He came down to my house with his ice skates. Everything was frozen solid. We skated from my driveway to the creek behind Dunhams barn. There was not a cloud in the sky and there was a full moon so you could see almost as good as in daylight. We skated to Pats creek and then to the bridge at Mallotsville. Big bonfire with the north Hammond kids. Guess this had to be 1960-62? A very fond memory from my teenage years.
