“ Your whole family is special to me and there was always something special about Liberty.....Probably that red hair and beautiful smile! I don't have words to express how sad her passing is at her young age, with that sweet husband and beautiful children left behind. God bless you all and give you a special hope that fills the lonely chambers of your hearts! I will not be in church or at the gathering of friends until I get through with this radiation and chemo and build up my resistance again. You will continue to be loved and prayed for each day by me. “ *My prayers go to the family. One thing about Libery is that from birth she was in church because her mother would get on the church bus which I and my wife drove. She was brought up to know the Lord. May God put His arms around her husband and her children and the family.*

“ *Liberty was a special angel Go's sent to earth. I have known her since 7grade. Never once did I ever hear her say anything bad about anyone. No matter what was going on in her life, she meet it with a smile and hope. She will be dearly missed. Anyone who ever came in contact with her will never forget her or her smile. Prayers to her family.*
