“ I would like to extend my sincere sympathies to the family of Lila Glasgow. Lila was from a generation who saw tremendous changes in her lifetime. Her generation was strong and had a Fear of God firmly rooted in the Bible. The changes she experienced were part of a sign Jesus gave us about living in the ?Last Days.? This sign pointed to a time when God would step in on the part of righteous mankind and destroy the wicked. Matthew 24 and 1 Timothy 3:1-5 After the wicked are destroyed there will be a great resurrection given to all those in the memorial tombs. This is promised to us by Jesus Christ at John 5: 28,29 Jesus said, ?Do not marvel at this because the hour is coming in which all those in the memorial tombs will hear his voice and come out, those who did good things to a resurrection of life, those who practiced vile things to a resurrection of judgment.? Death is an enemy. No matter how young or old an individual is when they die, we long to be with them. That is because God has put ?time indefinite? into our hearts. Ecclesiastes 3:11 We were created with the will to live. The Bible contains numerous promises regarding the future. One of my favorites is at Revelation 21:4. This scripture tells us,? He meaning God will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.? Imagine a time when there will be no more sadness and death. The promises in the Bible are reliable. We can put our hope and trust in them. At this difficult time in your lives, take a few quiet moments to reflect on the future God purposes to bring upon the earth. "Let your kingdom come, Let your will take place as in heaven, also upon the earth."?Matthew 6:10 It is in your lifetime you will see the changes that will bring God's Kingdom to the Earth. Meantime, rely on your family and friends for support. ?Draw close to God and He will draw close to you.? James 4:8 My prayers are with your family at this time.##imported-begin##Suzanne Lombardo##imported-end##
