“ Aunt Lil was one of the few people who ever called me Frannie.. and I loved it. I remember so many things about her. As others have said, her laughter was just contagious. I remember her riding down my staircase with my kids "ON PILLOWS"! I remember her slipping on the ice as she grabbed the car door handle and sliding completely under the car. She was not hurt, but as we watched from inside the car, she was there, reaching for the handle and then she disappeared! Nanny and I laughed so hard we could scarcely breathe. Only Lil! I will always hold her in a very special place in my heart. She was just sooo sweet. I am sure that those who went before her are enjoying that laugh again! Love you Linda...##imported-begin##Frances Cornelius-Bolyard-Kimball##imported-end##

“ When I think of Aunt Lil, memories of the lake come to mind. One year I actually learned to get in the water and swim. She always had a gleam in her eye and you would wonder just what she was up to.....usually something fun! She was so good to think of everybody and wanted them to have joy like she did.....her laugh, her hugs.....that will be missed. What a reunion up in Heaven ! Prayers are with you as you go through this.....you are loved.##imported-begin##Lorraine Simpson##imported-end##

“ I will never forget my Aunt Lil. If you were down you could always call her and she would cry with you and then make you laugh about something silly. She always asked about my sisters and brothers and wanted to know all the latest gossip. She worried about all of us.##imported-begin##Patty Thompson##imported-end##

“ Linda we are so sorry to hear about your mom. She was one great lady, she made everyone around her feel like they were the most important person around...that is until Michael came around. Aunt Lil reminded me so much of one of my aunts, and she was always so kind to me. I remember one time she came over and told me she wanted to give me something that was 35 years ago..., she took out an Opal ring and handed it to me, it was my birthstone.. I still have the ring, we were over at Betty and Bills house I never forgot how she made me feel. I loved her as much as any of my own aunts..and I will never forget her. Your mom was one of a kind and she made this world a better place just having her here. Please know that you are in our thoughts and prayers, and today we have a new angel watching over us.##imported-begin##Bob Sharon##imported-end##
